

BIOGRAPHY

Dr. Robert L. Bertini is a Professor in the Department of Civil & Environmental Engineering and in the Nohad A. Toulan School of Urban Studies & Planning at Portland State University in Portland, Oregon, USA. He is also the Director of the Oregon Transportation Research and Education Consortium (OTREC), a National University Transportation Center that is a partnership between Portland State University, the University of Oregon, Oregon State University and the Oregon Institute of Technology. Bertini is also the Director of the Intelligent Transportation Systems (ITS) Laboratory at Portland State and is the recipient of the National Science Foundation (NSF) CAREER Award, entitled “Mining Archived Intelligent Transportation Systems Data: A Validation Framework for Improved Performance Assessment and Modeling.” Bertini is responsible for over \$18.5 million in external funding at PSU, and is a registered professional engineer (civil) in Oregon and California with more than 20 years’ experience in the transportation field. He is the chair of the National Academies’ Transportation Research Board Committee on Traffic Flow Theory and Characteristics (AHB45), and also serves as a Senior Fellow at the Center for Transportation Studies in the College of Urban and Public Affairs. A former city planning commissioner, Bertini also serves as a member of the Mayor’s Transportation Cabinet in the City of Portland. Bertini has received a B.S. *cum laude* in Civil Engineering from the California Polytechnic State University, San Luis Obispo; an M.S. in Civil Engineering from San Jose State University, and a Ph.D. in Civil Engineering from the University of California at Berkeley.
