YouRenew.com: Making it easy for you to go green and get green

YouRenew.com — sell or recycle your old electronics

Everyday, thousands of people buy and sell electronics. But sooner or later, that new cell phone, mp3 player or other gadget becomes outdated. Unfortunately, there aren't many places where you can recycle electronics easily, which results in too many electronics ending up in landfills. We're here to change that.

We're on a mission to make the planet a better place and provide an easy way for you to sell electronics. We've taken away all the hassle associated with selling or recycling your old devices: no accounts, no credit cards, no fees and no shipping costs. Electronics recycling has never been easier!

YouRenew.com is the perfect place for you to recycle or sell used cell phones, mp3 players, digital cameras and graphing calculators. You can also recycle and sell laptops, video game console, external hard drive, video game or DVD. If you can't find your device in our catalogue or we can't pay for it, you can always ship it for free and we'll recycle it safely. So look up your device today, go green and get green! So look up your device today and go green! Learn more »

Why should I sell electronics to YouRenew.com?

Keep in touch with us!

YOURENEW.COM LOVES SPECIAL OLYMPICS OF CONNECTICUT

- Alysa

Dave with Margaretta Perry, one of the Special Olympics athletes, and her mother On Tuesday night, we

We worked hard to build you a site that takes away all the traditional hassle associated with selling or recycling your old electronics: you don't need to make an account, use your credit card, or pay costly shipping fees.

Best of all: (1) you get a great price, (2) we donate environmental efforts and programs with every transaction, (3) ship your devices for free. [Learn more »](#)

Define "recycling" — where do my used electronics go?

Here at YouRenew, we know that reuse is the highest form of recycling, because every item that is reused means one fewer needs to be created. That's why we strive to prolong the life of functioning electronics that we receive by putting them back to use. If your device is beyond repair, we ensure that it's recycled in the most environmentally conscious manner possible. No devices we touch go to a landfill and we do not export e-waste. All physical recycling takes place in the U.S. [Learn more »](#)

How do I get cash for my used cell phone or electronics?

Follow these simple steps to sell or recycle your used electronics: (1) search for your device, (2) answer a few questions that help us make you an accurate offer, (3) check out and get free shipping!

If your device is worth \$0, ship it to us for free and we'll make sure that it is 100% recycled. [Learn more »](#)

What happens once I complete a transaction?

Once you get cash for your electronic device or recycle your device and mail it in, all you have to do is wait for your payment! When we get your device, we'll evaluate it, wipe the memory and promptly issue payment. If there are any problems, we'll get in touch to discuss the issue. Payment is generally issued within five days of when we receive your device. Easy, fast, convenient and fair. That's YouRenew.com. [Learn more »](#)

got a chance to hang out with our friends from Special Olympics of Connecticut (SOCT). YouRenew.com , in partnership with SOCT, collects cell phones that individuals can donate to raise money for our Special Olympic Heroes. We have a fundraising partnership with SOCT and donate part of the proceeds from their cell phone collections to the local chapters. We decided to have some "summer fun at Mohegan Sun" and went to see the WNBA Connecticut Suns play the Los Angeles Sparks. We set up a table to collect cell phones and donated 50 tickets to Special Olympics athletes and their families. We ... [Read more »](#)
