Folding Portfolio Container

Create a portfolio of your work from the entire term [see previous handout]

Each project is to be housed in a separate compartment [X01/X02-03/X04-08]

Create a fourth compartment for a bound version of the entire portfolio.

The interlocking and unfolding container, should be constructed of:

basswood / sanded plexiglass / metal / photography / drawings + artifacts.

Note: X01 must contain a set of 1/2" cubes of all materials;

All drawings are to be at a standard architectural / engineering imperial scale;

'Locked' container must be an 8"x8"x8" cube;

Maximum open dimensions / area: 8" deep, 12" tall, 18" wide.

Issued:

Monday,

10 March 2003

Due:

Friday,

21 March 2003
