Anatomical Analysis: Motion

Using the series of Oregon Native bird drawings that you have created showing the acts of soaring / take-off / landing / rest, create five [5] charcoal drawings and one [1] chipboard life-size model expressing the abstract form of flight.

Charcoal drawings on butcher paper, 12" x 60" minimum .

Chipboard models: raw, emotive and well crafted.

Issued: Monday, 26 January 2003

Due: Wednesday, 28 January 2003
