Homework from the text will be assigned daily but not collected. The chapter quizzes will cover material from homework and lectures.

The lowest quiz grade will be dropped. Therefore, NO MAKEUPS will be given for the first quiz missed, regardless of the reason.

NO LATE LAB ASSIGNMENTS will be accepted.

On exams and quizzes, you may use a calculator, one 8½"×11" page of notes (front and back), and all of the pertinent tables. On the midterm exams, you need to bring a Scantron form 882 and a number 2 pencil. No wireless-capable devices may be used during exams.

If you have a disability and are in need of academic accommodations, please notify the professor immediately to arrange the necessary support.

The Midterm Exam is Tuesday, November 4.

The Final Exam is Monday, December 8, 10:15–12:05. No exceptions will be allowed, as this is the official time scheduled by the University.

We will cover Chapters 1–7 of the following:

<table>
<thead>
<tr>
<th>Text</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td><em>Elementary Statistics Using Excel, PSU edition</em></td>
<td>Mario Triola</td>
</tr>
</tbody>
</table>

Note: Class notes and information will be available at:
