The Dog Friendliest Neighborhoods of Portland, OR

What area of Portland is best to live in if you own a dog?

Dog owners know that proximity to dog friendly amenities is important. In order to assess which areas are best we did an analysis with a half mile walk service area.

In our “best” areas, all four of our amenities (vet, pet stores, daycares, parks) are reachable within a 10 minute walk. In our “second best” areas, three out of the four amenities are reachable within a 10 minute walk.

The four maps to the right show the best areas up close and are labeled with the Portland neighborhoods in which they fall.
