#### Instant On Screen Translation

The ALL NEW Quicktionary® 3 Lite delivers the next generation of mobile translation.

- NEW - Type words on the screen
- NEW - Easy to use touch screen interface
- NEW - Ergonomic design

Every word you see is now translatable – scan words or lines of text directly from any printed material or type those hard to scan words right there and then for INSTANT translation displayed directly on the touch screen – What could be easier!

Designed for use anywhere – on vacation, at school, at home in the office – the Quicktionary® 3 Lite is there whenever you need it – Never be at a loss for words again - Quicktionary® 3 Lite offers not only word-by-word translation but also recognizes and translates scanned phrasal verbs and other idiomatic expressions.

English/French/English and English/Spanish/English Dictionaries
