Note: Illustration simulates interior cavity

Solid as a Rock

Each and every RocLok hide-a-key produced is formed from a proprietary blend of cement based materials that give it strength and rigidity that even surpasses many rocks found in nature.

Constructed of a fiberglass reinforced concrete

Contains special additives improving weather resistance and strength

Key chamber buried deep inside for maximum protection

Where Do You Currently Hide a Key?

On a Nail in the Garage

- Under the Doormat
- Above an Outdoor Light
- Under My Deck
- Buried in the Dirt
- With My Neighbor
- In Another Hide-a-Key
- Contractor's Lockbox
- I Don't
- I'm Not Going to Tell You
