"Managing Sustainable Enterprises, in Europe and Beyond" in Marseille, France

Summer Term 2010
Travel: June 14—July 2, 2010

Led by: Scott Marshall, Sully Taylor, PSU
Laurent Estachy & Robert Spencer, Euromed-Marseille

This cooperation between PSU and Euromed-Marseille gives students a unique opportunity to experience European business culture and practices first-hand through 8 (2 courses) credits of coursework, offered in English, in an intensive three-week summer study abroad program.

The oldest city in France, Marseille is located on the south coast at the center the French Riviera. Built at the mouth of the Rhone River on the Mediterranean Sea, this city has been central to international trade for over 26 centuries. Its rich history and prime location make it an exciting place to spend part of the summer and the ideal place to experience international business at its European roots.

In addition to the classroom work, this program includes company visits and regional activities incorporating historical and cultural aspects of southern France. Friday afternoons and weekends are free for independent travel.

Estimated Costs: PSU is not charging for the 8 credits

Program Fee: \$3,015—\$3,337 Additional estimated student expenses: \$2,530
