German 101 — Scoring Guide for Project K 07 (F2006) Dream Trip

Rule of thumb for 4/satisfactory: German messages are simple, accurate sentences of 3 or more syntactic units, with frequent use of vocabulary from Kontexte 5-7 where needed, and inclusion of own vocabulary; vocabulary worksheet clearly shows benefit of contextual vocabulary learning and reliable dictionary use; website list consists of at least half of German-language sites and includes several types of content; letter to benefactor describes the proposed trip and also tells about learning German seriously; at least one piece of supporting material (website printout or description of such).

0509-1

	on time (5%)	worksheet: vocabulary (20%)	worksheet: websites (20%)	lodging inquiry (20%)	arrival message (10%)	support kit (10%)	appeal for support (15%)
6	received within 1 week of when the assignment was activated <i>27 Nov</i>	required travel words alldirect ; most of the other meanings are given; own list has 7 no ambitious, accurate words	>10 websites, most of them in German, several types of content AND clear differentiation within types of content (ex: hotel AND hostel sites)	Expresses the necessities of the message fully and accurately; rich specialized vocabulary; also adds personal elements, such as description of self and intended activities, including special interest.	See left, though customization will necessarily be brief.	Several attractive and balanced pieces of supporting material. Sheer quantity of website printouts or portfolio items is not enough.	Trip is carefully tied to learning German and something else. Trip and learning German are put into a larger educational perspective. Uses a special ploy (offer to show websites; German version of the appeal). Benefactor's heart (if there) melts.
5	later than 6, earlier than 4	1 required word wrong; 3/4 of other meanings; own list mostly ambitious & correct	almost 6	almost 6	almost 6	Plenty of material, but not carefully organized and not all of it of high quality.	almost 5.
4	received on the specified due date <i>6 Dec</i>	5 of 7 required words correct; half of other meanings; own list has 50% ambitious items, most of which are correct	10 websites, half of them in German, with several types of content (travel, accommodations, special interest)	Clear Intermediate-Low sentence creation with adjustment of structures. Accurate, broad use of K5-7 vocabulary when needed. Includes some individualized vocabulary.	See left, although vocabulary will be modest due to shortness of message	One attractive piece of supporting material (interesting, German-language web printout; work from portfolio).	The letter could be mistaken for the real thing, but does not make a strong case (tone not serious, ideas rather indefinite, vague causality). Instructor could write support letter with a clean conscience.
3	later than 4, but in time to be graded	almost 4	almost 4	almost 4	almost 4	One usable piece of supporting material.	almost 4
2	n.a.	Missing some required words, and some others wrong. Own list mostly words from the core materials.	6 or fewer sites, some German but some English and easily found	Brief (half the specified length), with mixture of fragments and distorted sentences. K5-7 vocabulary used, but with frequent mistakes.	See left.	One piece of supporting material, but it is not likely to be effective (train schedule printout, isolated picture, heap of plain text).	Brief, half-hearted, vague, and poorly worded letter that is clearly not a serious effort.
1	n.a.	A few items in both parts, many of them wrong	a few easily found sites, mostly in English	A few words are accurate, the rest is either miniscule or, if wordy, heavily distorted.	See left.	Nothing, or else one piece of supporting material that is essentially useless.	Nothing there, or else a very short and sloppy message.

Dear Grandma and Grandpa,

As you know I have been taking a German Language class at Portland State University for the past term. I have learned a lot about the language, but also quite a lot about the culture as well. My teacher has encouraged us all to explore the German culture some more and I have found so many exciting things about Germany!

I have made "arrangements" for a possible trip to Germany next summer. Audrey and I would go, because she can use her German speaking skills as well. We would arrive in Berlin on the first of August and stay there for 5 nights. Then we would travel to München in Southern Germany for the next 5 nights and fly out of München. I have researched on the Internet and have found some interesting things to go do, vocabulary that will be useful and wrote an email to a possible place to stay in Berlin.

There are several Irish Dancing schools in Germany. It would be very interesting to visit one of these schools to see how they teach, what kind of choreography they do and also how they are incorporating the Irish culture into their lives. Attending some classes would also help to improve my German language skills and I would probably be able to pick up some German Irish Dance terms along the way!

Another very neat thing is I have found a Math Museum, much like the Science Center in Seattle. They have hands on activities just for mathematics and it would be a very fun experience. Since math is a universal language, I would be able to relate to other people at the museum and also add more to my German language, this time with the application to math.

I would take many, many pictures to bring back to share with you and when I come to visit you I could even do a performance with the new German Irish Dance steps I learned!

Love, /

In Partnerschaft mit Cumann Rince De Mheasa, Rinceori na hEireann
und Japan Irish Dancing Association

Die World Irish Dancing Association (W.I.D.A.) ist eine junge Organisation, die gegründet wurde, um den irischen Tanz in der Welt von heute zu fördern und weiterzuentwickeln.

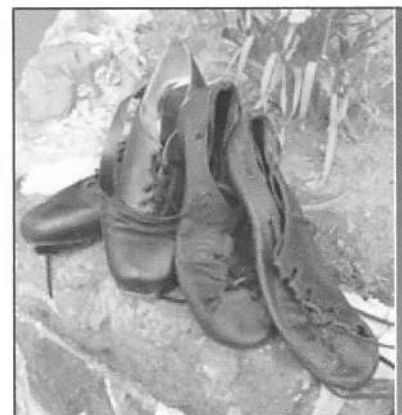

W.I.D.A., deren Hauptsitz auf dem europäischen Festland liegt, organisiert Workshops, Wettbewerbe und Prüfungen, um zu helfen, das Interesse am Irish Dancing zu stärken und Standards entwickeln.

Da die meisten auf dem europäischen Festland keine Möglichkeit hatten, mit dem irischen Tanz aufzuwachsen, werden keine Vorkenntnisse oder Erfahrung im Irish Dancing erwartet, um die Ausbildung zum zertifizierten Tanzlehrer oder Wertungsrichter der W.I.D.A. zu beginnen.

Um diesen speziellen Umständen zu entsprechen, wurde ein Prüfungssystem und ein Lehrplan erstellt, um diejenigen, die Interesse daran haben, Lehrer oder Wertungsrichter der W.I.D.A. zu werden, zu ermutigen. Die Kandidaten können ihre Lerngeschwindigkeit selbst bestimmen und ihr Wissen über und ihre Fähigkeiten im Irish Dancing ohne Zeitdruck und Fristen entwickeln. Sobald die Kandidaten bereit sind, den Prüfungsprozess abzuschließen, erhalten sie ihr Zertifikat als voll qualifizierte Tanzlehrer und Wertungsrichter.

W.I.D.A. wird auch, insofern möglich, in angemessenem Umfang die Sprache, Musik und Kultur Irlands fördern und auch alle Schüler und Lehrer ermutigen, an den von W.I.D.A. angebotenen Kulturprogrammen teilzunehmen.

Sollten Sie daran interessiert sein, mehr über W.I.D.A. zu erfahren oder Mitglied zu werden, füllen Sie bitte das Kontaktformular aus. Sie erhalten innerhalb einer Woche Antwort von uns.

Wer wir sind und was Sie bei uns erleben können.

Das Mathematikum in Gießen ist das erste mathematische Mitmach-Museum der Welt.

Über 100 Exponate öffnen eine neue Tür zur Mathematik.

Besucher jeden Alters und jeder Vorbildung experimentieren: Sie legen Puzzles, bauen Brücken, zerbrechen sich den Kopf bei Knobelspielen, entdecken an sich selbst den goldenen Schnitt, schauen einem Kugelwettrennen zu, stehen in einer Riesenseifenhaut und vieles mehr.

Und sollten sie mal kurz vor dem Verzweifeln sein, haben die Betreuerinnen oder Betreuer sicher einen Tipp für sie.

Seit seiner Eröffnung im Jahr 2002 ist das Mathematikum zu einem echten Besuchermagnet geworden, der jährlich über 150.000 Besucher anzieht.

Von Besuchen von Schulklassen über Geburtstagsfeiern und Betriebsausflüge bis zum idealen Ort für einen Familienausflug beweist das täglich geöffnete Mathematikum seine Attraktion.

Dazu trägt auch der hervorragende Standort bei: Das Mathematikum liegt nur 1 Minute vom Gießener Hauptbahnhof entfernt.
